Paper 3 - Option 3 Aggression, 1921 on Easter Monday between 1,000 and 1,500 Irish Volunteers and Members of the Irish Citizen Army seized the General Post Office and other key locations in Dublin. The intention of their leaders, including Patrick Pearse and James Connolly, was to end British rule in Ireland and establish an independent thirty-two county Irish Republic. For a week battle raged in the Irish capital. Until the rising collapsed, the rebel leaders were executed soon afterwards. Though in death their ideals quickly triumphed, illuminating every aspect of that fateful Easter week. The Easter Rising is based on an impressive range of original sources. It has been fully revised, expanded, and updated in the light of a wealth of new material and extensive use has been made of almost 2,000 witness statements that the Bureau of Military History in Dublin gathered from participants in the rising. The result is a vivid depiction of the personalities and actions not just of the leaders on both sides but the rank and file and civilians as well. The book brings the reader closer to the events of 1916 than has previously been possible and provides an exceptional account of a city at war.

Calendar of State Papers 1959: Their place inside the body politic is a phrase Susan B. Anthony used to express her aspiration for something women had not achieved but it also describes the Women Suffrage Movement's transformation into a political body between 1887 and 1895. This fifth volume opens in February 1887, just after the U.S. Senate had rejected woman suffrage and closes in November 1895 with Stanton's grand birthday party at the Metropolitan Opera House. At the beginning, Stanton and Anthony focus their attention on organizing the International Council of Women in 1888. Late in 1887, Lucy Stone's American Woman Suffrage Association announced its desire to merge with the National Association led by Stanton and Anthony. Two years of fractious negotiations preceded the 1890 merger. Years of sharp disagreements followed. Stanton made her last trip to Washington in 1892 to deliver her famous speech. Solitude of Self. Two states enfranchised women: Wyoming in 1890 and Colorado in 1893. But failures were numerous. Anthony returned to grueling fieldwork in South Dakota in 1890 and Kansas and New York in 1894. From the campaigns of 1894, Stanton emerged as an advocate of educated suffrage and staunchly defended her new position.

Monthly Catalog of United States Government Publications 1940 How has the recession affected the conduct of human resource management? How have HR departments and managers fared? Have leading firms taken measures to sustain and revive their businesses through innovative HR measures? How have union representation and influence been affected? Is the recession reshaping work and employment practices? These are among the questions answered in recession at work. The first systematic study in Europe to deal with the effects of the economic crisis on people at work. Drawing on survey data for Ireland provided by nearly 500 managers responsible for human resources on focus groups of HR managers and Trade Union officials and on detailed case studies of six major firms. The book provides an unrivalled picture of the effects of the current recession on how people are managed and how they are represented by trade unions. Examining the effects of the Irish recession on work and employment in the context of international experience and commentary. This book provides detailed information and analysis on the ways in which firms have sought to handle the challenges that have arisen since the severe reverse in Ireland’s economic fortunes in 2008.
The first wave tells the story of the opposition in Singapore in its critical first thirty years in parliament. Democratisation has been described to occur in waves. The first wave of a democratic awakening in post-independence Singapore began with J B Jeyaretnam’s victory in the Anson by-election of 1981 that built up to the 1984 General Election. The first of many to be called a watershed in which Chiam See Tong was also elected in Potong Pasir after their successes in 1991. The opposition began dreaming of forming the government but their euphoria was short-lived. Serious fault lines in the leading Singapore Democratic Party SDP rose to the surface almost immediately after the opposition victories of 1991, and the party was wiped out of Parliament by 1997. The opposition spent the next decade experimenting with coalition arrangements to work their way back to victory.

1913 On February 5, 2000, the Institute of Mennonite Studies held a conference at Associated Mennonite Biblical Seminary entitled Without Spot or Wrinkle reflecting theologically on the nature of the church. This conference gave attention to ecclesiology in direct response to challenges that Mennonite church bodies in Canada and the United States have been facing in recent times. The phrase Without Spot or Wrinkle comes from Ephesians 5:27, a text addressing relationships between husbands and wives within the Christian household. Historically, it has also come to symbolize what Mennonites have sometimes believed about the nature of the church. Anabaptists and Mennonites who came after them have often maintained that the True Church is a gathering of reborn and spiritually regenerated Christians called to be a community free from moral failure. At present, however, some Mennonites are questioning elements of this conceptual legacy and in light of personal failings and hurtful Church schisms are expressing doubts about its practical adequacy and theological tenability. The essays in this book do not provide a unified argument. What the authors have in common is concern for the church and commitment to faithfulness. Readers are invited to reflect on the issues and make their own assessments.
