the inspiration for the hallmark hall of fame film christmas everlasting a feel good goldmine from the new york times bestselling author usa today years of long workdays and little sleep as a political campaigner are about to pay off now that lucy toomey s boss is entering the white house but when her estranged older sister alice unexpectedly dies lucy is drawn back to nilson s bay her small close knit wisconsin hometown an accident in her teens left alice mentally impaired and she was content to stay in nilson s bay lucy meanwhile got out and never looked back but now to meet the terms of alice s eccentric will lucy has taken up temporary residence in her sister s cottage and begins to see the town and alice s life anew alice s diverse group of friends appears to have little in common besides an interest in quilting yet deep affection for alice united them and soon lucy too is brought into the fold as they share problems and stories and as she finds warmth and support in this new circle lucy begins to understand this will be her sister s enduring gift a chance to move beyond her difficult past and find what she has long been missing praise for marie bostwick reading marie bostwick is like wrapping yourself up in a warm hand crafted quilt her books rich in character and plot are stitched together by a skilled wordsmith debbie macomber 1 new york times bestselling author a brilliant storyteller las vegas review journal
The Second Sister *2015-04-01*

A successful quilter worries about a new rival and a newly independent son in a novel by the New York Times bestselling author of *Between Heaven and Texas*. Mary Dell Templeton prefers the quiet quirky charms of Too Much Texas to the bright lights of Dallas any day. She’s relieved to be moving back to her hometown and bringing her cable TV show, *Quintessential Quilting*, with her. There are just a couple of wrinkles in her plan: her son Howard, who is her talented co-host and color consultant and happens to have down syndrome, wants to stay in Dallas and become more independent. Meanwhile, Mary Dell’s new boss hopes to attract a different demographic by bringing in a younger co-host. What Holly Silva knows about quilting wouldn’t fill a thimble, but she’s smart and ambitious. Her career hinges on outshining the formidable Mary Dell in order to earn her own show. Yet as Holly adapts to small town living and begins a new romance, Mary Dell considers rekindling an old one. The two find unlikely kinship. As Mary Dell knows, the women of Too Much have a knack for untangling the knottiest problems when they work together. And sometimes the pattern for happiness is as simple and surprising as it is beautiful.

Marie Bostwick is my go-to author. Always powerful, inspiring, and uplifting. —Robyn Carr

**From Here To Home** *2016-04-01*

The challenges that the world’s running water systems now face have never been more numerous or acute. At the same time, these complex habitats remain absolutely crucial to human wellbeing and future survival. If rivers can ever be anything like sustainable ecology needs to take its place as an equal among the physical sciences, such as hydrology and geomorphology. A real understanding of the natural history and ecology of running waters must now be brought even more prominently into river management. The primary purpose of this textbook is to provide the up-to-date overview that students and practitioners will require to achieve this aim. The book’s unifying focus is on rivers and streams as ecosystems, in which the particular identity of organisms is not the main emphasis but rather the processes in which they are involved: specifically, energy flow and the cycling of materials. It builds on the physicochemical foundations of the habitat and explores the diversity and adaptations of the biota, progressing from the population and community ecology of organisms and linking them to ecosystem processes and services in the wider biosphere via the complexities of species interactions and food webs. These include water quality and patterns of river discharge as well as aesthetics; waste disposal and environmental health. While the book is not primarily focused on application per se, each chapter addresses how humans affect rivers and in turn are affected by them. A final future-oriented chapter identifies key strategic areas and sets a roadmap for integrating knowledge of natural history and ecology into policy and management. The biology and ecology of streams and rivers is an accessible text suitable for both senior undergraduate and graduate students taking courses in both lotic and general ecology as well as more established researchers, practitioners, managers, and conservationists requiring a concise and contemporary overview of running waters.

**The Biology and Ecology of Streams and Rivers** *2023*

A woman in a failing marriage discovers a new pattern for living in the quilting series from the New York Times bestselling author of *Ties That Bind*. Twice in her life, college counselor Gayla Oliver fell in love at first sight. The first time was with Brian, a lean longhaired British bass player. Marriage followed quickly, then twins and gradually their bohemian lifestyle gave way to busy careers in New York. Gayla’s second love affair is with New Bern, Connecticut, like Brian. The laid back town is charming without trying too hard.
hard it's the ideal place to buy a second home and reignite the spark in their twenty six year marriage not that gayla is worried at least not until she finds a discarded memo in which brian admits to a past affair and suggests an amicable divorce devastated gayla flees to new bern though brian insists he's since recommitted to his family gayla's feelings of betrayal may go too deep for forgiveness besides her solo sabbatical is a chance to explore the creative impulses she sidelined long ago quilting gardening and striking up new friendships with the women of the cobbled court circle particularly ivy a single mother confronting fresh starts and past hurts of her own with all of their support gayla just might find the courage to look ahead decide which fragments of her old life she wants to keep which are beyond repair and how to knot the fraying ends until a bold new design reveals itself praise for the cobbled court quilts series filled with wit and wisdom susan wiggs new york times bestselling author warmly nourishing emotionally compelling chicago tribune
