The book identifies five key areas for building a better life: work, home, finance, relate, and thrive. Each area contains advice curated from the experts on topics such as the art of the out-of-office reply, the annual home checklist, what to do when you're bad at money, how to maintain friendships, and how to be better about stress. Each entry breaks down these sometimes overwhelming topics into manageable tasks through clear and concise guidance, easy-to-follow lists, and informative sidebars thoughtfully designed with bright, four-color illustrations similar to those found in the section smarter living.
